.....  
Sweeper Shoot-Out is a singles tournament open to all bowlers, entrants do not have to participate in the Team Challenge Showdown, or vice versa.

Bowlers can enter as many times as they wish, but only cash once.  
Positions will be based on highest scratch two game total.

Sweeper Shoot-Out will begin at 11:00 a.m. and continue until 12:45 p.m.

Bowlers may bowl anytime within this period.

(Minimum of 2 bowlers must bowl at any one time on a pair of lanes).

Payout will be determined by total number of entries in the Sweeper Shoot-Out.

At least 1 in 6 entries will cash.

# Rules for the Team Challenge Showdown:

1. A) All members of entered teams **must** be the highest averaging bowlers in the center for which they are bowling, for the current ending season. If one or more of the top averaging bowlers cannot bowl for the team, then the next bowler on the list becomes eligible to bowl in the Showdown, and so on, until five bowlers are fielded for the team. All bowlers must be current USBC sanctioned members.

B) All members of entered teams must be a **paying league member** of the center for which they are bowling, and have bowled at least 2/3rds of the league's season, for the current ending season.

2. A) If a participant is the highest averaging bowler of a participating center, that bowler **must** Bowl on that center's team, regardless of his average in any other participating center. Example: Joe Bowler has averaged 220 at Slocum's for this past season and has the highest average of all of Slocum's sanctioned bowlers. He also has Hamilton's 2<sup>nd</sup> highest average with 225. He still must bowl for Slocum's team even though his Hamilton average is higher. If a participant is the highest averaging bowler in more than one center, he can choose the center he wants to bowl for.

B) Bowlers who qualify for more than one team, and do not have the highest average of a participating center can bowl on the team of their choice (it is not required that they bowl for the center in which they have their highest average, but it is preferable).

C) Employees of participating centers who qualify for another team, in addition to their own team have the option of bowling for their team, regardless of their average in the other centers. Example: Joe works for Slocum's and averages 211, making him the 5<sup>th</sup> highest qualifier for the team. He is also the highest averaging bowler at Curtis. Joe has the option of bowling with the Slocum's team, no matter what his average is at Curtis, or his qualifying position for that team. However, Joe cannot bowl for the Slocum's team if his average at Slocum's does not make him a qualifier.

3. Each year, the Team Challenge will be held in the center whose team won the previous year, but no center can host more than two consecutive tournaments. If the host center's team wins the tournament on the 2<sup>nd</sup> consecutive year, then the highest placing team's center will be host for the following year. All hosting centers will put out their typical house oiled pattern for the Team Challenge to allow all bowlers to experience the different conditions of the participating centers and to see who the best team is on that condition for that year.

4. Every five-man team will bowl in a three game qualifying round, with each member bowling full games, followed by one game in the Baker System Format. After qualifying, the top 8 teams will then be divided into 2 Divisions. Then the top 4 teams bowl a Round Robin Baker System Semi-Finals in their division. Qualifying totals will carry over into the Quarter Final round only. Peterson Bonus Points will be used for the Quarter and Semi Final rounds. The top 2 teams will bowl a best of three Baker System match to determine the Tournament Champion – totals do not carry over into the Final Round.

5. In years when the Showdown is held in a small center, the available spots will be given on a first come, first served basis, and each center will be limited to one team only – centers with the most participation in the tournament will have first right of refusal for a spot. Centers can send one team for every 30 lanes as long as space allows, and the bowlers are the highest averaging bowlers available to bowl for that center (i.e. centers up to 30 lanes can send one team; centers from 31-60 lanes can send two teams; centers from 61-90 lanes can send three, and so on). However, if the tournament still has openings, centers can send as many teams as they desire.
